

Enterprise Storage @ the Speed of Memory

Make your data come alive.

Built on a next-gen solid-state storage architecture, Tegile IntelliFlash arrays support different grades of storage media and configurations (NVMe, all-flash, and hybrid-flash), intelligently managing the placement of data to maximize performance and economics.

Enable dramatic acceleration of data access across SAN and NAS protocols, protect data from accidental disasters, and deliver significant capacity — all from a single flash platform.

Application Acceleration

"Tegile blew us away with its speed and economics."

Rob Sheppard
Data Center Manager

"Tegile's IntelliFlash HD offers efficient economics and powerful density."

Tab Butler
Sr. Director of Media Management

"I've been in the IT business for 25 years and this is the strongest customer support I have seen."

Vincent Lo
VP, Applications & Support

BANK OF STOCKTON

Exceeding Customer Expectations

We all know that things happen in IT. It is how those circumstances are handled that matters. Tegile customers are consistently blown away how responsive our support team is and how willing they are to go the extra mile – even if the problem's root cause isn't ours.

Partnering with the Giants in the Industry

Tegile works closely with the leading hardware and software manufacturers to ensure you get the best performance out of your data center.

About Western Digital®

Western Digital creates environments for data to thrive. The company is driving the innovation needed to help customers capture, preserve, access and transform an ever-increasing diversity of data. Everywhere data lives, from advanced data centers to mobile sensors to personal devices, our industry-leading solutions deliver the possibilities of data.

Western Digital® data-centric solutions are marketed under the G-Technology™, HGST, SanDisk®, Upthere™ and WD® brands.

Western Digital, the Western Digital logo, G-Technology, HGST, SanDisk, Tegile, Upthere and WD are registered trademarks or trademarks of Western Digital Corporation or its affiliates in the US and/or other countries.
